

This is a comment on the recent actions taken by Postmaster DeJoy to undermine the mail service prior to the election. Every citizen has the right to vote. They may choose to vote by mail or in person. If they vote by mail, they need post boxes to send their ballots to the registrar for proper processing. When the Postmaster sabotages the system by eliminating post boxes and routing machines, that slows the mail which contains ballots being mailed in. This action taken by the Postmaster is a deliberate act to prevent rightful voters from having their ballots arriving in time to be counted. Therefore nullifying their vote.
